

Filip Wachowiak

Product focused engineer with attention to details and strong debugging skills. I try to deliver the best experiences given limited resources

WORK EXPERIENCE

Chili Piper Inc.

APRIL 2023 - PRESENT — *Staff Frontend Engineer*

My team delivered a chat product to the first paying customers. I implemented automation of icons generation from Figma keeping design and code in sync

APRIL 2022 - APRIL 2023 — *Senior Frontend Engineer*

I led a frontend team of 3 people developing a chat product from scratch. I was also the main person behind a new design system resulting in unified experience with over 90% adoption in products

MAY 2021 - APRIL 2022 — *Frontend Engineer*

Migrated bundler to Vite improving live reloading from 15 sec to 300 ms and visual testing from Percy to Chromatic reducing testing costs by 70%

Codility Ltd. — Task Creator

AUGUST 2020 - MAY 2022

I created over 20 recruitment tasks in React, TypeScript, CSS, HTML, and more

Blue Owl Sp. z o.o. — Web Developer

JULY 2018 - NOVEMBER 2020

I created multiple custom WordPress themes

EDUCATION

Technical School of Communication, Poznań — IT Technician

SEPTEMBER 2017 - MAY 2021

PROFESSIONAL PROJECTS

Chili Piper - Chat — TypeScript, React, Vite, XMPP

Chat lets customers set up a widget on their website where visitors can go through predefined flows or chat with a person through Chili Piper Inbox

Chili Piper - Booking App — TypeScript, React, Vite

Booking App lets you book a meeting with someone. Go ahead and book a meeting with me if you're interested in working with me

Blue Owl - Homepage — React, Gatsby, WordPress

I was the only FE building it, and it hasn't changed almost at all since I left.

PERSONAL PROJECTS

Fiszki — TypeScript, Tailwind, Solid, SolidStart, PostgreSQL

Flashcards app - focused on the calendar; the better it goes with a flashcard, the less often it will be shown.

SKILLS

TypeScript advanced

HTML/CSS advanced

React advanced

Solid.js intermediate

Rust beginner

CERTIFICATION

Total TypeScript 

CSS for JS devs 

LANGUAGES

Polish - C2

English - C1,
